Amount Due (USD): \$1,200.00

PAGE 1 OF 1

Give everyone in your organization access to the PDF and unlimited e-signature tools they need to work from anywhere—across desktop, web, and mobile.

Transform the patient experience

- ▶ **Enable instant access**—Patients can easily access, review, approve, and sign mobile- and web-optimized PDFs from anywhere, no paper required.
- ▶ **Make it easy**—Use electronic forms that can be filled and e-signed on desktop, web, or mobile.
- ▶ **Offer secure signing anywhere**—Patients can sign and return documents anywhere from any device. Documents are securely stored to maintain privacy and confidentiality.

Increase efficiency and reduce costs

- ▶ **Streamline business processes**—Eliminate the delays in paper-based processes to speed up billing, reduce claim denials, and avoid errors associated with rekeying.
- ▶ **Track and manage workflows**—Always know whether documents have been opened, viewed, or signed—and get status alerts.
- ▶ **Cut costs**—Reduce or eliminate the expense and environmental impact of postage, shipping, faxing, scanning, printing, and physical storage.

Help ensure security and compliance

- ▶ **Get unmatched security**—Adobe's secure cloud platform protects sensitive documents, increasing privacy, confidentiality, and security.
- ▶ **Establish a robust audit trail**—Automated document routing and tracking provides a clear audit trail that shows when documents were delivered, signed, and opened.
- ▶ **Reduce legal and regulatory compliance**—Keep your data safe with a PDF and e-signature solution that complies with ever-changing industry standards and regulations, including SOC 2–Type 2 (Security, Availability, & Confidentiality), ISO 27001:2013, FedRAMP, GLBA, and FERPA.*
- ▶ **Get authentication**—With Acrobat Pro, documents are digitally sealed and maintained in a protected data center to help prevent inadvertent exposure of sensitive information.

[Try it for yourself. Easily create a signable web form.](#)

Simplify the process

For patients*

- ▶ Patient consent forms
- ▶ Discharge forms
- ▶ Patient history
- ▶ Clinical trial enrollment
- ▶ Lab results

For HR

- ▶ Candidate recruitment
- ▶ New-hire onboarding
- ▶ Contractor agreements

For procurement

- ▶ Purchase orders
- ▶ Master service agreements
- ▶ Vendor onboarding
- ▶ Renewal agreements
- ▶ Invoices
- ▶ Supplier contracts

For Legal

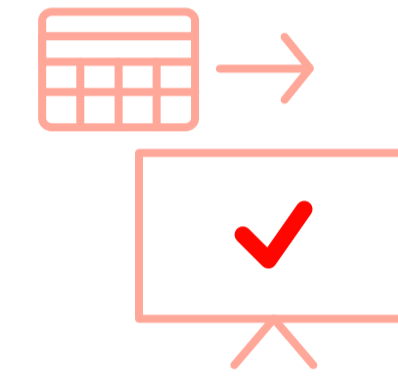

- ▶ Audits
- ▶ NDAs
- ▶ Internal compliance
- ▶ Service contracts

Let patients and team members complete forms from any device—no downloads or sign-ups required.

Process clinical trial data, HIPAA* forms, and patient claims in a matter of minutes—not days.

Use integrations to work inside the systems you already rely on—including Microsoft applications.

Collect signatures securely while complying with industry regulations.*

*Requires Acrobat Sign Solutions for enterprise.
