

Insight Public Sector and E-rate

Our relationship with E-rate helps educational institutions modernize and grow their infrastructure.

Our longtime partnership

Insight Public Sector is focused on the needs of educational institutions, as well as local, state and federal governments. With an industry-leading selection of products and IT services, we help organizations streamline procurement, simplify deployment and maximize the value of the IT lifecycle.

In addition, Insight Public Sector has been an active participant in the E-rate program since its inception.

With over 30 years in the IT industry, we offer unsurpassed commitment, management, and oversight in ensuring the success of meeting your defined E-rate 23 deliverables.

Insight Public Sector and E-rate

Internal Connections and Managed Internal Broadband Services (MIBS)

These services include eligible products, such as access points, routers, switches, hubs and wiring. Eligible products are located at the applicant site and must be necessary to transport information to classrooms or publicly accessible areas of a library. Services provided by a third party for the operation, management and monitoring of eligible broadband internal connections components are eligible MIBS (e.g., managed Wi-Fi). Program support is limited to eligible expenses or portions of expenses that directly support and are necessary for the broadband connectivity within schools and libraries. Applicants may lease equipment as a part of an internal connections request or a MIBS request.

Awards and certifications

Insight Public Sector is a tier 1 partner with:

- Cisco
- Cisco Meraki
- HP Aruba
- APC
