This document serves as the Ordering Guide for the Department of Defense (DOD) ESI agreement for Cisco Systems, Inc. NASA SEWP Agency Catalog. The DOD ESI Agreement for Cisco Systems, Inc. refers to the products and Solutions for Enterprise-Wide Procurement (SEWP) Agency Catalog established by the DOD; SEWP is a Government-Wide Acquisition Contract (GWAC) that is managed by the National Aeronautics and Space Administration (NASA). This Ordering Guide will assist DOD customers, contracting specialists, and contracting officers with ordering Cisco Systems, Inc. hardware, software, hardware/ software maintenance, cloud services and professional services. This Ordering Guide contains essential information regarding the DOD ESI Agreement for Cisco Systems, Inc., including authorized users, products available for purchase, ordering instructions and processes, and Point of Contact (POC) information.

The DOD ESI Agreement for Cisco Systems, Inc. is a source of supply for Cisco Systems, Inc. hardware, software licenses, cloud services, hardware/software maintenance, and professional services. Information pertaining to these contracts on SEWP (e.g., Terms and Conditions, referenced attachments herein, etc.) is located on the DOD ESI portal site at: <https://www.esi.mil/default.aspx>

The POCs for the DOD ESI Agreement for Cisco Systems, Inc. are listed below:

2.0 Overview

On behalf of the DOD and those authorized users, PEO Digital, PMM 290 has established a NASA SEWP V Agency Catalog for the purchase of all Cisco Systems, Inc. requirements. This Agency Catalog was established on 03 December 2020. The establishment of the Agency Catalog includes the negotiation of various License Agreements and Cisco Cloud services with respect to Cisco Systems, Inc.’s commercial Terms and Conditions (Ts&Cs). The results of those negotiations are memorialized as Attachments to both the solicitation and the Agency Catalog.

Ordering and funding for this agreement are decentralized. Each program is responsible for their own processes in order to fund the purchases of new licenses, hardware, maintenance, services and cloud products for Cisco Systems, Inc. products. Decentralized funding allows each Agency to maintain oversight of the licenses and hardware purchased by their organization as well as the subsequent annual sustainment.

3.0 Authorized DOD ESI Agreement Users

The below lists the DOD ordering entities considered to be authorized users:

DOD or Agencies

This Catalog is open for ordering by the “DOD Departments and Agencies” on a world-wide basis. “Departments and Agencies” are defined by the Title 48 Code of Federal Regulations, Section 202.101. In addition, “DoD or Agencies” includes the Intelligence Community (IC) and the U.S. Coast Guard. For the purposes of this Catalog, a DOD component is defined as follows: the Office of the Secretary of Defense (OSD), the Military Departments, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, the Inspector General of the Department of Defense (DoD IG), the Defense Agencies, the DoD Field Activities, the U. S. Coast Guard, *Intelligence Community (IC) and Foreign Military Sales (FMS) with a Letter of Authorization.

*The Intelligence Community is a federation of Executive branch intelligence agencies and Organizations that are comprised of 17 member organizations <https://www.dni.gov/index.php/what-we-do/members-of-the-ic> Office of the Director of National Intelligence (ODNI) is authorized to procure IT through the DOD ESI per the Memorandum of Agreement, dated 15 May 2008. <https://dodcio.defense.gov/portals/0/documents/net-centric-moa.pdf>.

GSA / Other Ordering Organizations

GSA or other applicable U.S. Government ordering organizations/agencies are authorized to place Orders under this Catalog on behalf of and for the benefit of the DOD.

Contractors and Integrators

Government contractors performing work for a DOD Component (as defined above) may place Orders under this Catalog on behalf of and for the benefit of the DOD entity if authorized by their cognizant Contracting Officer in accordance with the requirements of FAR 51 and/or DFARS 251 as appropriate. If the contractor has not been previously approved to place orders, under NASA SEWP, additional authorization may be needed via the NASA SEWP PMO (see: <https://www.sewp.nasa.gov/documents/AuthorizationLetterTemplate.pdf>)

4.0 Ordering

All DOD ordering activities are to order their Cisco Systems, Inc. software requirements from the NASA SEWP

Agency Catalog.

DFARS 208.7400 and use of the Cisco Catalogs

DFARS 208.7400 is directed toward DoD Departments and agencies to fulfill requirements for commercial software and related services, such as software maintenance in accordance with the DoD Enterprise Software Initiative (DoD ESI). Specifically, the scope of the DFARS sub part is as follows:

“208.7400 Scope of subpart.

This subpart prescribes policy and procedures for acquisition of commercial software and software maintenance, including software and software maintenance that is acquired--

- (a) As part of a system or system upgrade, where practicable;
- (b) Under a service contract;
- (c) Under a contract or agreement administered by another agency (e.g., under an interagency agreement);
- (d) Under a Federal Supply Schedule contract or blanket purchase agreement established in accordance with FAR 8.405; or
- (e) By a contractor that is authorized to order from a Government supply source pursuant to FAR 51.101.”

Defense Components have issued supplemental policies to implement this DFARS requirement.

While the DFARS covers commercial software and related services, subsequent Management Initiative Decisions and IT reform efforts have authorized the DoD ESI to incorporate IT hardware and Services into its portfolio of agreements. While the DFARS mandate will not apply to Cisco hardware available on the DoD ESI Cisco Agency Catalogs, the DoD ESI will employ strategic sourcing and category management disciplines across the entire portfolio of products and services. These disciplines include, but are not limited to, price benchmarking, reducing contract duplication and migrating spend to OMB designated Best in Class (BIC) contract vehicles. The DoD ESI Cisco Agency Catalogs are identified as BIC spend.

The DISA Joint ELA team and the DoD ESI are collaborating on the Cisco SMARTnet strategy and requirements. The DoD ESI Cisco Agency Catalogs are not intended to supersede fulfillment of SMARTnet services for those Defense Components that choose to enroll under the JELA.

In the future, the DoD ESI Cisco Agency Catalogs may be designated by the DON Executive Agent as Core Enterprise Technology Agreements (CETA) pursuant to DoDD 8470.01E of 6 Sep 2018.

This vehicle will enforce a single set of terms and conditions negotiated between Cisco and the Government, which shall be incorporated by reference into each order placed under the Catalog. This vehicle will facilitate the collection of metrics with regard to volume of requirements, obligated funds, user-base, and status of deployed assets. It is anticipated by the DOD that Catalog participants will offer discounts beyond those normally afforded via traditional SEWP competitions.

4.1 Notes to Contracting Officers

- 4.1.1 On a monthly basis, the CISCO GPL will be uploaded on the NASA SEWP DOD ESI site to ensure the DOD has the latest Cisco products and services available to the DOD.
- 4.1.2 Minimum Discounts off current Cisco GPL for commercial products and services are specified in Attachment 2. The Contractor will provide discounts that are equal to or greater than those listed in Attachment 2 for each Reseller.
- 4.1.3 The government may secure additional discounts at the time of placing an order. Additional spot discounts are authorized and encouraged.
- 4.1.4 Reseller or Cisco may subcontract all or part of the professional services to be performed under this Catalog to a qualified third party **only with the explicit written acceptance by the local contracting officer**. Any subcontracting of services must be noted on the Order Form and acknowledged in the Government's Delivery or Task Order.
- 4.1.5 Trade Agreements Act (19 U.S.C. & 2501-2581) (TAA Compliance): Reseller shall designate that all hardware is labeled as "TAA Compliant, "Not TAA Compliant" or "Not Applicable" for each quoted line item.
- 4.1.6 Follow FAR 19.5 for small business requirements

4.2 Special Considerations for Cisco Products and Services

- 4.2.1 Cisco Cloud Products: All cloud computing services shall be acquired in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) Subpart 239.76, and shall be assessed and operate in accordance with the current DoD Cloud Computing (CC) Security Requirements Guide (SRG); DoD Instruction 8500.01, "Cybersecurity"; and DoD Instruction 8510.01, "Risk Management Framework (RMF) for DoD Information Technology (IT)".
- 4.2.2 Ability to sell Cisco cloud products: Resellers are required to provide a letter of certification by Cisco Systems, Inc. that they are authorized to provide Cisco cloud products.

**NOTE: Cisco Cloud Offerings available for purchase under this Agreement are limited to;*
a. Those products that are FEDRAMP certified; and
b. Those Cloud Offerings requiring specific Cisco authorization (e.g. HCS-D) may only be sold by those awardees authorized at the time a quote is rendered in response to an RFQ, by Cisco, to sell those offerings to the DoD. Verification via Cisco's Partner Website and for HCS-D, <https://www.cisco.com/c/en/us/solutions/industries/government/federal-government-solutions/secure-cloud-defense.html#~stickynav=3>, apply.

- 4.2.3 SmartNet: If the end customer is an SAP (Special Access Program) or classified DOD program, equipment returns are not required due to security reasons.
- 4.2.4 The Government has the right to transfer Cisco branded hardware and software assets covered under this agreement between agencies, and shall have the rights to transfer hardware and software assets to any DoD Enrollee, DoD Agency, or Government agency, or authorized contractor or outsourcer. The Government will be responsible for transferring the equipment to Agencies.

DOD ESI Agency Catalog – Ordering Guide

- 4.2.5 Only those Cisco resellers who have Cisco authorization to sell FEDRAMP HCSD products and services, Catalyst 6800 series switches, Enterprise Agreements and Contact Center offerings are able to sell those products and services under this agreement.
- 4.2.6 All Cisco gear/hardware provided under this agreement will be new and non-refurbished gear and must be purchased through authorized Cisco Federal Authorized Channels.

4.3 Ordering Process

The following steps (as depicted in Figure 1 below) need to be completed to place an order on SEWP for Cisco Systems, Inc. requirements:

- **Step 1:** The Customer will consult the GPL, found within Attachment 2 – Product and Price List, posted on the SEWP Agency Catalog Website at: <https://sewp.nasa.gov/>. It is highly suggested you coordinate with a Cisco Systems, Inc. salesforce to determine the required Bill of Materials.
 - **NOTE:** See Section 4.4 of this Ordering Guide for guidance on navigating the SEWP website.
 - **NOTE:** This step will apply for “new” requirement purchases as well as subscription or maintenance renewals.
- **Step 2:** The Cisco Systems, Inc. salesforce will validate the required SKUs and create a Bill of Materials and provide it to the Customer.
- **Step 3:** The Customer will provide the Bill of Materials to the appropriate Ordering Activity.
- **Step 4:** The Customer will identify Cisco Systems, Inc. brand name requirements and prepare a Brand Name Justification demonstrating the rationale for requiring the Cisco Systems, Inc. in accordance with FAR 16.505(a)(4).
- **Step 5:** Prepare a DD Form 2579, Small Business Coordination Record as prescribed in DFARS 219.201(10)
- **Step 6:** The Ordering Activity will post a solicitation to the DoD ESI Agency Catalog on SEWP. (See Section 4.4 of this document for further details on SEWP-specific steps). You must solicit all resellers and abide by SEWP V Small Business requirements.
- **Step 7:** Authorized DoD ESI SEWP Catalog holders will submit quotes to the Ordering Activity.
- **Step 8:** The Ordering Activity will review all quotes received, determine the best value, and notify the Awardee.
- **Step 9:** The Awardee will facilitate delivery of the Cisco Systems, Inc. Bill of Materials to the Customer.
- **Step 10:** The Customer will receive the Cisco Systems, Inc. item(s) from the reseller to whom the contract was awarded.

4.4 *Other Ordering Notes*

1. Option years, on orders placed against this catalog, can extend through April 30, 2030.
2. All Resellers accept Government Purchase cards (GPC).
3. Other OEM SKUs: To facilitate efficiency in procuring Cisco products, it is recognized that other miscellaneous OEM products may be required to complete your Cisco requirement. The Contractor may quote on those other OEM products, under this Agency Catalog, as needed to respond to RFQs. The other OEM products may not exceed 10% of the total quoted price or \$25,000, whichever is less. Discounts shall be equal to or greater than the discount level as provided under the original Agency Catalog product and service prices.

4.4 Guidance for Navigating the SEWP Website

The NASA SEWP website can be accessed at: <https://sewp.nasa.gov/>.

- 1) All users must already have, or create, a SEWP user account. Users can log in or request account creation via the “Log-in” link at the top of the SEWP home page.

The screenshot shows the SEWP V website home page. At the top, there is a navigation bar with the SEWP V logo and contact information: Helpline: (301) 286-1478, help@sewp.nasa.gov; Orders: FAX (301) 286-0317, sewporders@sewp.nasa.gov; and Customer Support Center. Below this is a secondary navigation bar with links for FAST ACCESS, PROCUREMENT INFO, CONTRACT HOLDERS, SEWP TOOLS, CUSTOMER SERVICE, AGENCY RESOURCES, CATALOGS, CHAT NOW!, and LOG-IN. The LOG-IN link is circled in red. A notice banner below the navigation bar states: "NASA SEWP Scheduled Maintenance -- Thurs, Mar 21, 2019, 4:00 am - 8:00 am ET -- During this time, access to the SEWP Website and Tools will be unavailable. For concerns, please send questions to help@sewp.nasa.gov or access our FAQs through our Customer Support Center." The main content area is divided into several sections: FAST ACCESS (with links for SEWP Log-in, FAQ, TRAINING VIDEOS, etc.), Resources (with links for FCW SEWP Contract Guide, SEWP Training Document, etc.), SEWP Newsletters (with links for October 2018, May 2018, January 2018), Featured FAQs, Hot Topics (with an Events Hot Topics section for SEWP Training and Industry Day), Webinars (with a link to Register Now for April Webinars), About SEWP, and SEWP Mission. On the right side, there are sections for Upcoming Events and SEWP in the News...

- 2) Either enter login information or register for an account on the following page:

The screenshot shows the SEWP V website login and registration page. The top navigation bar is identical to the previous screenshot, with the LOG-IN link circled in red. Below the navigation bar is a notice banner about scheduled maintenance. The main content area is split into two columns. The left column is titled "Log In" and contains the text "Please enter your information to continue." followed by input fields for "User ID:" and "Password:". There are links for "Forgot your User ID?" and "Forgot your Password?". Below the input fields are "Log In" and "Reset" buttons. The right column is titled "Create a SEWP Account" and contains the text "Create a SEWP account today and start saving. With a SEWP account, you'll be able to conveniently request quotes, view responses, create orders and much more." followed by a "Register Now" link.

Featured FAQs
 I am an IT vendor. How do I become a SEWP Prime Contract Holder?
 For more Frequently Asked Questions, visit our [FAQ Knowledgebase](#).

Hot Topics
 Ongoing Impact of COVID-19 on Delivery
 The COVID-19 pandemic has continued to impact delivery, however at this point most Contract Holders on the SEWP contract are expected to provide the best possible information to customers and set realistic expectations for delivery to allow customers to make the most appropriate decisions for their needs. To minimize the effect of these delays, customers may want to request alternate options for constrained products to help facilitate fulfillment. We are working with all stakeholders to ensure the best possible experience for SEWP buyers.
 If you have any questions or concerns please contact our Customer Service team at help@sewp.nasa.gov or 301-286-1478.

DOD ESI Agency Catalog – Ordering Guide

5) Listed on this page are all relevant agreement and reseller documents:

The screenshot shows the SEWP V DOD ESI Catalog page for Cisco Systems Inc. The page lists several documents with callouts explaining their content:

- Terms and conditions for the Cisco ESI agreement**: Points to link #1.
- Ordering guide that walks through the ordering process and the SEWP portal**: Points to link #2.
- Cisco's current Global Price List**: Points to link #3.
- Cheat Sheet for each reseller's minimum GPL discounts**: Points to link #4.
- Contains detailed information on reseller POC's, contract #'s, and business information**: Points to link #5.
- Contains each reseller's agreement to Ts &Cs, FAR & DFARS certifications, and VETS-4212 forms**: Points to link #6.
- Sample Letter of Authorization for purchases made by contractors and integrators**: Points to link #7.

6) On this page, click "I would like to create a Catalog RFQ or Catalog Market Research Request based on the DOD ESI Catalog".

The screenshot shows the SEWP V DOD ESI Catalog page. The link "I would like to create a Catalog RFQ or Catalog Market Research Request based on the DOD ESI Catalog" is circled in red. Below the catalog information, there is a table with columns for Soft Ceiling Limit, Amount Spent*, and Amount Remaining*. The table shows "No Soft Ceiling for this catalog." and a note that amounts are estimates.

| Soft Ceiling Limit | Amount Spent* | Amount Remaining* |
|-----------------------------------|---------------|-------------------|
| No Soft Ceiling for this catalog. | | |

*Amounts displayed are estimates.

DOD ESI Agency Catalog – Ordering Guide

- 7) When creating your RFQ, make sure to enter “DOD ESI Cisco Catalog” in the Description field. This will assist the resellers in identifying your RFQ.

4.5 Use of Government Sources by Contractors

Contractors are authorized to purchase off this SEWP contract when permitted in writing by the Contracting Officer for that contractor’s contract or solicitation. In order for a contractor to order from the SEWP catalog, the cognizant Contracting Officer is required to comply with FAR part 51 and DFARS 251. A Letter of Authorization (LOA) must be completed, signed by the Contracting Officer, and provided to the contractor. Please note that the Contracting Officer granting authorization is the one responsible for the support contract under which the Contractor is performing and is NOT necessarily the Contracting Officer who would normally handle Cisco Systems, Inc. buys for the agency.

The LOA shall designate the owning organization name and customer ID number that will be responsible for future maintenance payments. The contractor will provide this LOA to the Ordering Activity as proof that authorization has been granted. A sample of the LOA format to be used is located at DFARS PGI 251.102, and can be accessed at the following link:

http://farsite.hill.af.mil/reghtml/regs/far2afmcfars/fardfars/dfars/PGI%20251_1.htm#TopOfPage.

5.0 Funding

The funding of orders under the DOD ESI Agreement for Cisco Systems, Inc. will be the responsibility of each activity based on the current funding processes of each organization. Customers should use their current financial systems and processes to budget and fund orders in coordination with their organization/program office POCs. These organizations will be responsible for:

- Ensuring the proper funding appropriation is assigned to each order.
- Ensuring budget and funding are available for new product requirements and annual maintenance in future years.

6.0 Acronyms

| Acronym | Definition |
|---------|---|
| CIO | Chief Information Officer |
| CS3 | Customer Support and Strategic Sourcing |
| DFARS | Defense Federal Acquisition Regulation Supplement |
| DOD | Department of Defense |
| ESI | Enterprise Software Initiative |
| FAR | Federal Acquisition Regulation |
| GWAC | Government-Wide Acquisition Contract |
| GPL | Global Price List |
| ITPR | Information Technology Procurement Request |
| ITPRAS | Information Technology Procurement Request/Review and Approval System |
| LOA | Letter of Authorization |
| LSJ | Limited Source Justification |
| NASA | National Aeronautics and Space Administration |
| POC | Point of Contact |
| SEWP | Solutions for Enterprise-Wide Procurement |
| Ts&Cs | Terms and Conditions |

7.0 Attachments

All Catalog Attachments have been posted to the “Ordering guide”, “Terms & Conditions”, and “Policy and Guidance” tabs of the Cisco Systems, Inc. page of the DOD ESI portal at: <https://www.esi.mil/>.
